

To The Environment Committee:

Thank you for supporting Humane legislation: ban puppy mill puppies because of the cruelty inherent in the breeding-I know this because my friends rescue some of these poor mother dogs-also please ban cruel gestation crates on factory farms for pigs- I have seen photos of these pigs stuffed in crates in which they cannot turn around in, for their entire lives. Also please continue to ban Sunday hunting so the 99% of us can enjoy the woods for 1 day of the week without fearing gunshots.

Thank you very much.

Sincerely,

Sally Westcott RN
